ECS Configuration Change Request

CCR No. 97-0244	Logged Date 2/28/97	Rev. -	Request Type CCR

Priority Routine ☐ Urgent ☒ Emergency ☐	Affected Release	Change Class I I

Title (description)
Install DCE 1.1 and DFS on SGI et3ws4

Documents Affected	Source Nos (RID, NCR, Action Item, GSFC CCR, etc.) or Tech Reference
None	

RTM Change ☐ **Start New Baseline** ☐

Problem

In support of DCE and DFS prototyping activities I am requesting installation of the DCE server and DFS client software on et3ws4.

The specific tasks this software will be used to support are as follows:

1. Test the ability of SGI DFS clients to interoperate with Sun Transarc DFS servers. Understand the robustness of the SGI DFS product.
2. Use the cell defined on et3ws4 to support intercell configuration and testing by defining a direct trust relationship with the IDGcell.

Proposed Solution

1. Install the SGI DCE client and server software on et3ws4. I understand we have a site license for DCE on SGI platforms.
2. Install the SGI DFS client software on et3ws4. This software is bundled with the SGI DCE software distribution.
